The AIA New York State public relations campaign makes every effort to promote the Design Awards each year. The drawings, photographs, and digital images of each winning project will be used for unrestricted publicity. Each entrant must clear all drawings, photographs, and digital images included in submission for future re-use and reproduction by the AIA New York State.

Submission Requirements: Binder, Digital Images, Concealed Information

Binder: Submit a soft cover binder, 8-1/2" x 11", with clear sleeves. The project name and location, completion date, category, and a narrative description of the project must be submitted on a single typewritten sheet placed in the first acetate sleeve. Also include the narrative in MS Word format on the project's CD-ROM. In subsequent pages, insert site plan, floor plans, elevations and sections and up to 8 images of the project in 8"x10" color or black and white photographs showing exterior and interior views. All material is submitted at owner's risk. No mounts or models shall be submitted for judgment. Please note that AIANYS does not provide binders.

Digital Images: AIANYS also requires a CD-ROM (IBM compatible only) labeled by project name with images and information matching exactly and in the same order as that of the hard copy portfolio as indicated above. We cannot accept floppy disks, zip disks or e-mail

submissions. Images must be saved as JPEG files only, resolution up to 300 dpi. Do not compress or zip the file. Submit all images on one CD-ROM per project entry. AIANYS may resize images to meet publication needs but will not alter or modify the images. The project narrative and concealed information of project authorship must also be included on the CD-ROM in MS Word format.

Concealed Information: Material submitted in portfolio and in digital images should not reveal the name of the Architect(s). The last clear sleeve shall contain a blank sealed envelope containing entrant's letterhead with typed identification of the architect(s), and full design and construction credits listed in the manner desired to appear on a citation or photo caption. Credits listed must include name and address of all design firm(s) and persons substantially contributing to the design of the project; client's name; contractor's and/or construction manager's name(s); firm name and address of consultant(s); and project's name and location. By submitting a project for consideration, the submitting architect represents and warrants to AIA New York State, Inc. that he or she has provided a complete list of all those substantially contributing to the design of the project. Failure to provide a complete list may result in disqualification and/or a referral of the matter to the appropriate ethics body

of the national office of the AIA. The AIANYS accepts no responsibility for incomplete lists. Also include this information in MS Word format on the project's CD-ROM.

Address all submissions to:
