### Continuing Education

Some regulations restrict licensees to a certain percentage of self-study for continuing education requirements. In response to the evolving situation with the Novel Coronavirus (COVID-19), and for those licensees whose registrations are due to renew March 1-June 1, 2020, the Department will grant an adjustment to all licensees to complete up to 100% of the continuing education as self-study, so long as it is taken from a Department-approved provider and is in an acceptable subject area for the specific profession. SED is working closely with other New York State agencies and the Governor's Office to tackle issues relating to COVID-19. Please continue to monitor the Department's website for updated guidance.
