

## EDUCATION DESIGN SUMMIT

**Diverse Leaders Driving Innovation in Education Spaces**

*An eight part online series exploring collaborative planning, design, and implementation of adaptable learning environments.*

### **EPISODE 8:**

## **Learner-Centered Design in Practice: Global Case Studies in Healthy, Safe, and Empowering School Environments**

**James Seaman, PhD, AIA**

James Seaman is Managing Principal at Fielding International, a globally recognized leader in the design of learner-centered schools. Trained as both an architect and educational psychologist, James bridges the worlds of design and learning science to create environments that empower students and educators to thrive in a rapidly changing world. His work with school communities across the globe reimagines how space can shape behavior, culture, and learning outcomes.
