

EDUCATION DESIGN SUMMIT

Diverse Leaders Driving Innovation in Education Spaces

An eight part online series exploring collaborative planning, design, and implementation of adaptable learning environments.

EPIISODE 4:

Designing for Safety and Security: Protecting Students While Supporting Healthy School Environments

Tom Roccanova

Lee-Thomas Roccanova is a Professional Engineer and an Executive Manager at Nassau BOCES responsible for Security Services and capital construction. During his 23 years at Nassau BOCES, he has brought all aspects of physical security, including access control, surveillance, security guards, and environmental design, to Nassau BOCES and its component districts; including these aspects into both the design and construction phases of capital construction. Prior to working at Nassau BOCES, he worked as a design professional for 8 years. He has a B.S.E.E. from Lehigh University and a M.S.E.E. from NYIT.
